

## Not a typical GP Practice. Not a typical Partnership.

Priory Medical Group has provided care to the residents of York and beyond since 1946 and has been recognised regionally, nationally, and internationally for our innovative approach. We are dedicated to the ideals of person-centred, population health, place-based care. We are working closely with other practices in York and are committed partners in maximising and realising the benefits of working at scale. We are fully engaged with New Models of Care and through our GP alliance company have been awarded Primary Care Home (PCH) deeper learning status by the National Association of Primary Care (NAPC).

Key aspects of Priory Medical Group:

- High standard of clinical care, obtaining 100% QOF in the last 3 years
- An innovative approach to transformation of the workforce with practice employed MSK specialists, pharmacists, Urgent Care practitioners and Advanced Nurse practitioners working alongside a dedicated and specialist team of practice nurses, focused on the delivery of urgent and routine care.
- Rolling program of education for clinicians, GP training practice with 6 GP trainers and extensive teaching opportunities with Hull York Medical School
- Active representation on and engagement with Health and Social Care Commissioners and the Voluntary Sector.
- Designed and delivered a National Integrated Care pioneer service. The York Integrated Care Team is a primary care employed and GP led service that has achieved international recognition.
- Delivery of health care services to local educational establishments and HMP and private secure facilities.
- Extensive and expanding involvement in research trials
- Provider of specialist administrative and operational services to external GP practice clients
- Actively pursuing in all 10 high impact actions in the GP forward view

Priory Medical Group is now looking for an enthusiastic, forward thinking, and dynamic Partner to join our team. We are currently a 15 Partner practice located across 9 sites in the City of York. We currently deliver PMS contracted services to a population of over 57,500 patients.

Specifically, we're looking for a Partner who will:

- Take an active role in developing and delivering sustainable, quality, integrated services to the population of York
- Understand the importance of the local economic, political and financial landscape and work to identify the opportunities for the practice through effective strategic planning
- Will set new standards of engagement with patients, the practice and partner organisations, and be an advocate for team work both inside and outside the practice.
