

Medical Receptionist

Roaming Medical Receptionist

What is the purpose of this job

We think the purpose of our Medical Receptionist role is pretty simple ... to provide the best patient service ... every day ... every patient!

As the face of our Practice, you are the first person and point of contact when our patients arrive at our surgeries.

Not only do our patients need you to have a charming personality and a reassuring demeanor ... you will need this in bucket loads.

This role is intended to provide cover for planned absences (annual leave etc.) in our reception teams and as such, it will require a certain amount of flexibility as you could be working at any of surgeries but we will aim to provide you with a ROTA with four weeks' notice.

What is the type of person we are looking for

We look for people who are warm, friendly, and approachable with that reassuring smile for every patient!

That's why the people we look for are 'people-people', who love this type of work, and get a buzz from ...

- interacting with people from **every walk of life**
- exercising your '**can-do attitude**' in the face of any setback, challenge or new situation
- good honest '**team work**', where you can rely upon your colleagues and they can rely on you
- delivering the '**best customer service**'.

If this sounds like you, we want you to enjoy working with us and our patients.

Job specification

All of our surgeries are busy and many people will be unwell and anxious.

- Dealing with patient queries and requests (such as booking of appointments and resolving queries) by phone or in person, efficiently and accurately
- Retrieving information accurately and efficiently from our clinical system
- Production of prescriptions for patient medications
- Supporting the clinical team and handling their requests
- A variety of other activities that could be reasonably expected of a Medical Receptionist.

Reality Check

- Keep up that reassuring smile!
- We are a Doctors surgery, it is inevitable you should be comfortable in reassuring and dealing with anxious, concerned and often unwell patients
- Delivering the best customer service needs flexibility and a 'can-do' attitude

- Our team members are all required to take a fair share of covering absences in the team, where you can rely on the support of your colleagues and they can rely on you
- We want everyone to enjoy coming to work and you can expect a warm welcome, friendly team and all the support you need to enjoy and perform at your best.

What we look for in your application
