

Salaried GP (number of sessions open to discussion)

Not your typical GP Practice. Not your typical Doctors' experience

Are you looking for a role where you spend more time with patients and less with paperwork? Are you looking to work in a truly innovative practice with an exciting future?

TESTIMONY OF A SALARIED GP *"I have been a salaried GP for 3 years and came straight to Priory after finishing VTS. I found the frequent reviews in my first year extremely helpful as it meant I could quickly address elements of the job that I was finding difficult. This stopped those elements snowballing! It also meant that I got to know my supervisor well; this was a big support and continues to be now. I have benefitted hugely from the very open culture at PMG - our daily meetings are a very safe space to ask questions or raise issues (clinical or otherwise). The culture is very open and everyone*

Is this the role for you?

Do you want to spend less time with paperwork and more time with patients? Do you practice with a reflective, self-critical and evidence-based approach? Are you comfortable with a broad range of primary care, disease management and prevention?

What we look for in your application:

Specifically, we're looking for GP's who genuinely believe in the family doctor ethos and are:

- Reflective, self-critical and seeking to practice evidence-based medicine
- Comfortable with a broad spectrum of primary care, disease management and prevention
- Open to constantly improving care processes
- Comfortable with information technology
- Wanting to spend time with patients, not paperwork
- Interested in setting a new standard in primary care and being part of a change movement
- Hold and effect full GMC membership
- Be able to provide satisfactory references

So are you in?
