

# Practice Nurse

(initially for a fixed term maternity cover contract with possibility of permanency)

**Are you a Practice Nurse looking for an opportunity to work with supportive colleagues in a team environment? Are you looking for a team where you can rely on strong networks with one another?**

**If the answer is yes ... we have an exciting opportunity for you to join Priory Medical Group.**

## Our Culture ... Our People

At Priory Medical Group, we are a forward thinking, innovative and driven organization and we recognise the quality of our work is through the quality of our people.

## The main duties of the role

Practice Nurses assess, screen, treat and educate all sections of the community, from babies to older people. The successful candidate will provide nursing care to patients in a Primary care setting, supported by a team of experienced GPs, Advanced Nurse Practitioners, Specialist Nurses and Practice Nurses.

At Priory Medical Group, all our employees should enjoy coming to work and enjoy feeling a part of the team! We will ensure you are provided with a clinical supervisor and a supportive network around you.

## What we look for in your application

- Proven background of assessing, screening, treating and educating patients from all walks of life, from babies to older people. The successful candidate will provide nursing care to patients in a Primary care setting, supported by a team of experienced GPs, Advanced Nurse Practitioners, allied health professionals, specialist nurses and practice nurses;
- Demonstrate excellent communication and listening skills, so you can work with people of all ages and backgrounds.
- Demonstrate patience and empathy, so you can gain the trust of patients with a variety of health issues.
- Registered Nurse. Experience of chronic disease management, cervical screening, travel vaccinations, child immunisations (or a mixture of) preferred but not essential.

## So are you in or are you out?

**Location:** Our intention is always for the Nurse to have two primary surgeries at which they are based for continuity of patient care and your surgery team, although we have nine surgeries across York, all of which you may be required to work from.

**Hours:** 37.5 hours per week

**Pay:** Competitive. Dependent upon the strength of the candidate + including NHS pension scheme

**Applicants should apply using our application form which can be obtained by [clicking here](#) or by visiting [www.job.nhs.uk](http://www.job.nhs.uk) and searching for Priory Medical Group, York**

### **Selection for Interview**

The Practice recognises that discrimination of any kind is both unlawful and would act as a barrier to finding the most talented individuals for our organisation. As such, our recruitment and selection procedures exist to ensure no job applicant, employee or worker is discriminated against either directly or indirectly on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy or maternity, race, religion or belief, sex or sexual orientation.

A great deal of careful consideration has been invested in preparing the advert for this post based on the specification for this role and the person we are looking for. **Our selection for interview process is designed to ensure individuals are selected for interview on the merit of their application only.**

If you are applying through NHS Jobs, you will notice you are asked if you would like a guaranteed interview as part of the 'Two Tick' disability scheme. Whilst this is an admirable government initiative, please be aware we are not signed up to this scheme. This is a question on the NHS jobs application form which is outside of our own control. Our own process ensures we consider candidates on the merit of their application only and we do not ask any questions regarding a disability as part of our selection process. We only give candidates the opportunity to share information regarding any disability after candidates are invited to interview and only if the candidate feels they require adjustments in the interview process.
