

Health. Care. Together.

York Integrated Care Team

## Are you furloughed / looking for extra income / want to make a difference?

### Are you:

- ...furloughed from your current work?
- ...interested in a short term contract and/or casual ad-hoc hours for extra income whilst you are furloughed?
- ...interested in making a difference with work that is rewarding, fulfilling and makes a real difference to the lives of patients and their families

### Here at Priory Medical Group we can offer you:

- You tell us how many hours you would like to work to suit your lifestyle, we are all ears
- Fulfilling and rewarding work that really matters, you really make a difference!
- An environment where we all act with kindness and compassion towards colleagues at all times
- An opportunity to develop strong customer service and healthcare skills (with great support on hand from colleagues) in your career that will last a lifetime.

### What is a Community Health Care Support (carer)?

- Attend patients homes and follow a care plan provided to you. This plan may include providing health or social care such as assisting with personal hygiene, providing meals, supporting family members and other health and wellness related activities. The successful candidate will support patients to live in their own home and/or community whilst supporting other team members and professionals.

### What we look for in your application:

- It is not essential to have proven experience as a carer. We would be delighted to consider any transferrable skills from roles which demonstrate you are a great colleague to work with and you are able to manage your own time, workload and accurately follow a plan (instructions) given to you to follow.

<u>Essential</u>	<u>Desired</u>
Ability to communicate effectively with people	Ability to communicate effectively with patients

Health. Care. Together.

### **Selection for Interview**

The Practice recognises that discrimination of any kind is both unlawful and would act as a barrier to finding the most talented individuals for our organisation. As such, our recruitment and selection procedures exist to ensure no job applicant, employee or worker is discriminated against either directly or indirectly on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy or maternity, race, religion or belief, sex or sexual orientation.

A great deal of careful consideration has been invested in preparing the advert for this post based on the specification for this role and the person we are looking for. **Our selection for interview process is designed to ensure individuals are selected for interview on the merit of their application only.**

If you are applying through NHS Jobs, you will notice you are asked if you would like a guaranteed interview as part of the 'Two Tick' disability scheme. Whilst this is an admirable government initiative, please be aware we are not signed up to this scheme. This is a question on the NHS jobs application form which is outside of our own control. Our own process ensures we consider candidates on the merit of their application only and we do not ask any questions regarding a disability as part of our selection process. We only give candidates the opportunity to share information regarding any disability after candidates are invited to interview and only if the candidate feels they require adjustments in the interview process.
